

RECLAIM *the* REPUBLIC.
RESTORE *the* CONSTITUTION.

STOP ObamaCare Expansion in Wyoming

Whereas: The Tenth Amendment of the Constitution of the United States reads as follows: "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people"; and

Whereas: The Tenth Amendment assures that we, the people of the United States of America and each sovereign state in the Union of States, now have and have always had rights the federal government may not usurp; and

Whereas: The federal Patient Protection and Affordable Care Act ("PPACA"), also known as ObamaCare, attempts to lure the states into expanding their Medicaid programs, which is optional under ObamaCare, by promising to pay certain costs associated with the expansion for a couple of years, leaving the state with the responsibility to pay all new administrative expenses and further added costs in the near future, which Wyoming cannot afford; and

Whereas: Expanding Medicaid entitlements will cause irreparable harm to Wyoming taxpayers and Wyoming health care; and

Whereas: Governor Mead and certain Wyoming legislators are working diligently to bring Medicaid expansion to Wyoming.

Therefore, be it resolved that we, the citizens of the great state of Wyoming demand that our State Representatives and State Senators vote NO on any proposal that attempts to expand Medicaid in Wyoming; and

Be it further resolved that we demand Governor Mead end his support for ObamaCare by terminating his plans to expand Medicaid in Wyoming.
